◎ To students living in and around Gifu highly expected from local businesses (International & Japanese students)

- In Gifu Prefecture, there are many enterprises expanding into the global market.
- This forum offers participants a valuable opportunity of direct contact with business representatives through lectures, panel discussions and group talks.
- It is also a great opportunity to know “lines of business, what Japanese companies are expecting from students, and what assignment they can excel at performing in local businesses in the future?”
- Active exchange with local business representatives will help participants increase the possibilities of great success in the future.
