Bio-Science

Food Science

1. 9:00- 9:10 Opening Remarks
2. 9:10- 10:00 Key Note Speeches
Prof. Kohei NAKANO :
"Achievement of Long Term Storage of Persimmon Fruit by Modified Atmosphere Packaging (MAP) based on Physiological and Mathematical Approaches "
Prof. Bishnupada Mandal :
"Novel Amine/Chitosan Thin-Film Composite Membrane for CO₂ Separation from Flue Gas"
3. 10:00- 15:30 Oral Presentations
4. 15:30- 16:00 General Discussion

Organized by

Gifu University Head Office for Glocalization:GHOGI

Faculty of Applied Biological Sciences, Faculty of Engineering and UGSAS-GU
(岐阜大学 グローカル推進本部、応用生物科学部、工学部、連合農学研究科)
